

Job post:

Seeking **volunteer photographers**

Oregon's a stunning place—and we're on the lookout for new images of the places you love. Are you a photographer looking to get outside? Awesome. Let's work together.

How does it work?

- Tell us why you're a good fit—email Jen Newlin jen@oregonlandtrusts.org
- Get the thumbs up from our team.
- Pick a region.
- Go and capture images. Prioritize land trust/member properties and our wish list, below.
- Respect laws, property, landscapes, people and cultures when you're out on the land and respect the range, needs and behavior of species. Keep your distance, do not lure, trap, etc.
- Donate usage rights for at least 20 distinctly different (not 20 photos of a similar subject or same shot location), high-quality photos that our organization, the Land Trust Alliance or our member organizations can use for any conservation outreach purpose.
- We'll credit photos with your name.
- And we'll pay up to \$400 reimbursement of your travel expenses (lodging, food, you get the idea), receipts and COLT approval required.

Regions—pick one!

- Oregon Coast
- Portland, Metro
- Willamette Valley
- Southern Oregon
- Central Oregon
- Eastern Oregon

Photo wish list

- **Iconic landscapes:** healthy rivers, ocean, estuaries, forests, sage brush country.
- **Drone shots** of healthy Oregon landscapes.
- **Friends/family enjoying the outdoors:** campfires, boat docks, guitars, art, potlucks, parks, etc.
- **Diverse communities** in the outdoors.
- **Kids in nature** (up to you to ensure you have parent/guardian approval)
- **Oregon species:** plants and wildlife. We love fish, birds and mammals—specifically. Salmon! Fisher! Sage grouse! (check that they're not invasive, please!)
- **Member events:** events hosted by our [member organizations](#).
- **Working lands:** farms, food, ranches, wine, timber, rural lifestyles, people, barns, boots, etc.
- **Recreation:** shots with people walking/hiking, biking, kayaking, etc.
- **Access for all:** outdoor photos of people with differing abilities.
- **Science:** reach out to our members for opportunities—citizen science, volunteer work, on-the-ground science.

Thank you!
